

## Want to help MFR?

Most of Mediation For Results services are offered FREE of charge to our clients regardless of their income. And when we do charge for services, we strive to make them affordable. We are able to do this thanks to our state, city and private funding sources.

However, these generous sources do not cover all of our costs, and this requires us to charge for some services and to dedicate time to raising private funds. We always welcome your moral and financial support.

Ways You can Help!

Actions that won't cost a dime &ndash; just a little of your time!

- CALL your local State Representative and/or your City Hall and ask them to support Just A Start and Mediation for Results in their budget process
- RECOMMEND US to your friends and colleagues the next time they are in a sticky conflict
- GIVE US YOUR FEEDBACK about our services and ideas on how we can improve them
- GIVE US YOUR PERMISSION to include your comments in our brochures or web pages
- LEARN more about mediation and Alternative Dispute Resolution (ADR) and other effective ways to resolve conflict
- ASK FOR ADR in your dealings with businesses state agencies and courts. And if they don't offer mediation or other ADR &ndash; ask them "Why not?"

### Financial Donations

Clients like you often choose to make a tax deductible donation to MFR. We welcome these donations as a vote of confidence in our services and as a way to allow us to serve more clients free of charge. If you would like to donate or sponsor us in our fundraising efforts, here is what to do:

Make your tax deductible donation to Just- A- Start Corporation
